Outstanding print quality - Producing images with a resolution of up to 609 dots per inch, it's possible to print barcodes, text and fine detailed graphics with clarity and precision.

High Speed - The Pro Series has set new benchmarks in label throughput. The SH3 RISC processor ensures fast data transmission and almost instantaneous throughput.

Effortless - Designed with the operator in mind, the easily-readable LCD display is available in a selection of languages.

Easy Connectivity - With a wide range of standard plug-in interfaces to choose from, the M84 Pro connects to almost every system.

Durable - For the toughest of industrial environments, the all-metal casing endures harsh knocks and resists dust and dirt.
